Pharmacy Provider Dispensing Fee Self-Attestation

March 1, 2026

What Pharmacy Providers Need to Know

Mercer Government Human Services Consulting (Mercer GHSC), on behalf of Prime Therapeutics State Government Solutions LLC (Prime) and the Department of Health Care Services (DHCS), is administering this year's provider self-attestation process to determine your pharmacy's professional dispensing fee for the 2026 – 2027 State Fiscal Year. If your 2025 calendar year net claim volume was less than 90,000 claims, you are eligible to receive the higher of two Medi-Cal Rx professional dispensing fees for pharmacy claims with dates of service (DOS) on or after July 1, 2026, until June 30, 2027.

The Medi-Cal Rx professional dispensing fee is based on a pharmacy's total (Medicaid and non-Medicaid) annual net prescription volume from the previous year as follows:

- Less than 90,000 net claims equal \$13.20
- 90,000 or more net claims equal \$10.05

To receive the higher fee, you must complete the *Medi-Cal Rx Pharmacy Provider Self-Attestation Form* between 12 a.m. on March 1, 2026, and 11:59 p.m. PT on March 31, 2026. Even if you received the higher dispensing fee last year, you **must** attest again this year in order to continue to receive the higher rate for DOS on or after July 1, 2026, through June 30, 2027. If your 2025 calendar year total net prescription dispensed volume was 90,000 or more prescriptions, you do not need to participate in the attestation process.
