The Department of Health Care Services (DHCS) will host a second Town Hall to share its refined, phased approach and timeline—beginning in 2027—for enforcing ORP enrollment requirements across Medi-Cal Rx and California Medicaid Management Information System (CA-MMIS) claims billing systems. The approach reflects recent stakeholder feedback and supports federal requirements that providers who order, refer, or prescribe services for Medi-Cal members be enrolled in Medi-Cal and identified on claims with a valid Type 1 National Provider Identifier (NPI).

Join the webinar: On September 24, 2026, visit the [Ordering, Referring, and Prescribing \(ORP\) Enrollment Requirements Town Hall](#) page and select **Join** to enter. Attendees may join up to 15 minutes before the event begins. Due to the anticipated number of attendees, individual calendar invitations will not be sent. Mark your calendar and plan to attend.

» We appreciate your continued partnership. Share this notice with colleagues who might like to attend.
