Providers should bill for a minimum of 30 pods, the amount per package, with a maximum of a 90 days supply. **The MAC/Maximum Allowable Product Cost (MAPC) is per pod** and packages cannot be broken.

Kits should be billed as "1 Each" regardless of the quantity of pods contained within the kit. The **MAC/MAPC is per kit** and kits cannot be broken.

Product addition or inclusion on the *List* does not guarantee supply nor individual specific coverage.

Products deleted from the *List* will no longer be reimbursable, even with an approved prior authorization (PA), on or after the effective date of deletion. The MAC for these products is no longer guaranteed.
