Over-the-Counter Drug Information

This document lists the drug products and units of measure for the over-the-counter (OTC) contract drugs and cough/cold preparations. OTC drugs are included in the per-diem rate for members in nursing facilities, including subacute patients. With the exception of insulin, providers cannot separately bill any OTC drugs for members in these facilities. For additional help, refer to the *Contract Drugs List (CDL)* section of the *Medi-Cal Rx Provider Manual*.

Restriction: All OTC cough and cold products are restricted to individuals 2 years of age and older. Authorization is required for individuals younger than 2 years of age.
