Medical Supplies Update: Updates to Diabetic Testing Supplies, Effective January 1, 2024

December 1, 2023

Effective **January 1, 2024**, the OneTouch Verio® Test Strips, 100-Strip Box, Billing Code 53885027210, will no longer be a covered Medi-Cal Rx diabetic testing supply and will be deleted from the [List of Contracted Diabetic Text Strips and Lancets](#).

- Claims for this billing code will reject on and after **January 1, 2024**, even with an approved prior authorization (PA) request.
- Only the OneTouch Verio Test Strips, 100-Strip Box is being removed from the *Contracted List*. OneTouch Verio Test Strips, 50-Strip Box and 25-Strip Box will continue to be covered through Medi-Cal Rx, along with currently listed lancets, glucometers, and glucometer supplies. Providers and prescribers should select another contracted product from the [List of Contracted Diabetic Test Strips and Lancets](#) posted on the [Medi-Cal Rx Web Portal](#).

Special populations; such as Early and Periodic Screening, Diagnostic, and Treatment (EPSDT), California Children's Services (CCS), or Genetically Handicapped Persons Program (GHPP) programs; have alternative routes for continuation of care with an approved PA request demonstrating medical necessity and that no other contracted product can meet the member's clinical need.
