Medi-Cal Rx Learning Management System Migration

March 25, 2024

Background

As a result of Prime Therapeutics' acquisition of Magellan Rx, a series of transitions for Medi-Cal Rx users is scheduled for the first half of 2024, as previously announced in the alert titled [Upcoming Transitions for Medi-Cal Rx Applications](#). As part of this migration, on Tuesday, March 26, 2024, the current Medi-Cal Rx Learning Management System (LMS) will be replaced with a new application on the Prime Therapeutics platform.

What Pharmacy Providers and Prescribers Need to Know

On March 26, 2024, Medi-Cal Rx's current LMS, SabaSM, will be deactivated and will be replaced with a new LMS, Cornerstone, on Prime Therapeutics' system. Users will be able to access the same resources that are currently available in Saba and will continue to use the Medi-Cal Rx Secured Provider Portal to access the LMS.

What Pharmacy Providers and Prescribers Need to Do

No action is required of users at this time. After the transition, refer to the [Education & Outreach](#) page of the [Medi-Cal Rx Web Portal](#) and select **Medi-Cal Rx Training** for additional information and resources regarding Cornerstone.
