# Mass Adjustment for Disposable Insulin Delivery Devices for Impacted Claims Submitted April 1, 2022, through April 28, 2022

June 14, 2024

## Background

The purpose of this alert is to inform pharmacy providers that Medi-Cal Rx will be initiating a subsequent mass adjustment related to disposable insulin delivery devices (DIDDs) for claims submitted on or after January 1, 2022. This mass adjustment includes claims submitted from April 1, 2022, through April 28, 2022. For additional information about the previous mass adjustment for impacted claims, refer to the alert titled [Mass Adjustment for Disposable Insulin Delivery Devices for Impacted Claims Submitted January 1, 2022, through March 31, 2022](#).

## What Pharmacy Providers Need to Know

Medi-Cal Rx identified a claims processing issue affecting a select number of claims submitted on or after January 1, 2022, for DIDDs with NDCs 08508112005, 08508200005, 08560940001, 08560940002, and 08560940003. For these DIDD claims, the Medi-Cal Rx reimbursement calculation used an incorrect Maximum Allowable Product Cost (MAPC) price which may have resulted in an incorrect pharmacy provider reimbursement. Medi-Cal Rx MAPC prices for these DIDDs were updated on April 28, 2022, to correctly calculate DIDD claims per the Department of Health Care Services' (DHCS) policy.

Medi-Cal Rx has identified the impacted net paid claims and will be adjusting these claims on behalf of pharmacy providers which may result in an amount owed to you, an amount you owe DHCS, or no net change to the amount you were already reimbursed. Medi-Cal Rx will complete the claim adjustments in stages over the next several months.

Adjustments have been made for some of the impacted claims submitted April 1, 2022, through April 28, 2022, and will be included on the June 14, 2024, remittance advice (RA). Adjustments for the remaining claims submitted January 1, 2022, through March 31, 2022, and for the remaining claims submitted April 1, 2022, through April 28, 2022, will be processed at a later date and a separate alert will be published when the next adjustment commences.

## What Pharmacy Providers Need to Do

No action is required by pharmacy providers at this time.

Adjustments for the impacted claims submitted April 1, 2022, through April 28, 2022, will appear on the June 14, 2024, RA. On the RA, impacted pharmacy providers will see a reversal of the original claim and a new claim processed (same member, Rx number, date of service, NDC, etc.) to reflect the adjustment.

For more information about this and other mass adjustment activities, refer to the [Mass Adjustments](#) page located on the [Medi-Cal Rx Provider Portal](#) or send a secured email to [MediCalRxEducationOutreach@primetherapeutics.com](mailto:MediCalRxEducationOutreach@primetherapeutics.com) and include, if appropriate, any claim-specific information with the correspondence.
