# Updates to the List of Contracted Enteral Nutrition Products, Effective April 1, 2025

March 1, 2025

The [List of Contracted Enteral Nutrition Products](#) has been updated on the [Medi-Cal Rx Web Portal](#). The effective date of the changes is April 1, 2025.

The following product has been added to the *List*:

Manufacturer	Product Label Name	Medi-Cal 11-digit Billing Number (NDC)
Kate Farms®, Inc.	Kate Farms Pediatric Peptide 1.0, Strawberry, 250 ml	11112003131

The amount reimbursed to pharmacy providers is the estimated acquisition cost (EAC) per unit, multiplied by the number of units dispensed, plus a 23 percent markup. Assembly Bill 97 (2011) still impacts enteral nutrition claims; a 10 percent reduction applies to each paid claim.

Product addition or inclusion on the *List* does not guarantee supply nor individual specific coverage. Products deleted from the *List* will no longer be reimbursable, even with an approved prior authorization (PA), on or after the effective date of deletion.

**Note:** The Maximum Acquisition Cost (MAC) for these products is no longer guaranteed.

Members affected by deletions from the *List* should seek new prescriptions from their licensed prescriber, and new PAs from their pharmacy provider, if applicable, for a comparable item that is listed. Continuing care does not apply.
