

Mass Adjustment for Commercial COVID-19 Vaccines for Impacted Claims with a Date of Service September 11, 2023, through September 30, 2024

August 1, 2025

Background

Medi-Cal Rx initiated a mass adjustment related to commercial COVID-19 vaccines for claims with a date of service (DOS) on or after September 11, 2023, through September 30, 2024.

What Pharmacy Providers Need to Know

Medi-Cal Rx identified a claims processing issue affecting a select number of claims with a DOS on or after September 11, 2023, through September 30, 2024, for commercial COVID-19 vaccines. For these claims, the update includes a new reimbursement methodology, member age restrictions, and pharmacy enrollment status for Vaccines for Children (VFC) or non-VFC pharmacy claims. Medi-Cal Rx updated their reimbursement methodology for commercial COVID-19 vaccines on May 16, 2025, to correctly calculate the commercial COVID-19 vaccine for VFC and non-VFC pharmacy claims per the Department of Health Care Services' (DHCS) policy.

Medi-Cal Rx has identified the impacted net paid claims and will be adjusting these claims on behalf of pharmacy providers which may result in an amount owed to you, an amount you owe DHCS, or no net change to the amount you were already reimbursed.

Adjustments have been made for some of the impacted claims with a DOS on or after September 11, 2023, through September 30, 2024, and will appear on the August 15, 2025, remittance advice (RA). Adjustments for the remaining claims with a DOS on or after September 11, 2023, through September 30, 2024, will be processed at a later date and a separate alert will be published when the next adjustment commences.

What Pharmacy Providers Need to Do

No action is required by pharmacy providers at this time.

Adjustments for the impacted claims with a DOS on or after September 11, 2023, through September 30, 2024, will appear on the August 15, 2025 RA. On the RA, impacted pharmacy providers will see a reversal of the original claim and a new claim processed (same member, Rx number, DOS, NDC, etc.) to reflect the adjustment. The Mass Adjustment Notification Number, **MCRX 0213-A**, will appear on the RA for all reprocessed claims.
